

If you get lost please call  
Danica 267-307-6581 or  
Andrea 215-519-0108

Directions to MTMSA Eureka Sewer Plant, 1485 Lower State Road, North Wales, PA 19454 (depending on the app you use, 1485 can take you to the neighborhood behind our facility. I recommend entering 1481 Lower State Road in the app, and we are **located next to that residence**).

You will see this sign by our street entrance:

**Parking and entrance:** When you enter the drive, through the gate, there is an option to go straight ahead to a parking lot or curve to the right. Go straight ahead to the parking lot for regular parking. Then walk down the steps to the tan Control Building between the two large tanks. (If you need handicapped parking, stay to the right after you pass through the entrance gate and loop around to the left. Parking is in front of the tan Control Building.) Once you enter the Control Building there will be an elevator straight ahead. Take the elevator up to the second floor and someone will meet you there.
